Dear Taxpayer:

This is in reply to our telephone conversation on June 04, 2013,
concerning the unpaid tax for the tax year(s) shown above.

We've accepted your offer to have the additional tax years shown above
added to your monthly installment payments automatically taken from
your checking account. We'll continue to deduct your payment of
$500.00 on the 1st of each month.

We charge a $45.00 user fee to cover the cost of revising and/or
reinstating an installment agreement.

It's your responsibility to contact our office at least 15 days prior
to your monthly due date to stop a payment from being deducted from
your checking account.

To reduce the amount of penalty and interest you'll pay on the
unpaid balance, you may send in monthly payments until we start
automatically taking payments from your checking account.

When you send payments by mail, please make your check payable to the
United States Treasury and write your Social Security or Employer
Identification Number on it. Include with your payment a daytime
telephone number where we can call you, the tax year you are paying
for, and the tax form number you filed for that year.

In order to maintain your Electronic Installment Agreement, we
must have current information. If you change your account or financial
institution, or if your financial institution is bought by another
institution, please submit a new Form 433-D with your new routing and
account numbers so we can update your account on our system. You'll
need to contact us 15 days prior to the due date to stop the payments
from automatically deducting from your old account. Failure to notify
us will cause your installment agreement to default for non-payment.
We cannot change your routing and account numbers over the phone.
